

SuspenDC

Get Hooked and Fly

Event Media Release

Our event photographers document SuspenDC so that the Fliers, Pullers, and Dancers can have pictures of their amazing achievements. The photography team focuses mainly on participants involved in the main activity of the day, flesh hooks. As they work, they do their best to avoid including anyone choosing to not appear in pictures. If someone is caught in the background who does not want to be photographed, we will electronically remove or otherwise distort their likeness during post production.

Participants who feel strongly that their likeness should not be recorded advised to be aware of where the photographers are taking pictures during the event and stay clear of such areas.

Aside from the event photographers, no other participants are permitted to take pictures during the event.
